**MEMORANDUM FOR THE DIRECTOR**

**SUBJECT: CIA/DIA Task Force Meeting with SAC on Highly Suspect Soviet ICBM Deployment Areas**

On Wednesday, 14 March, I delivered the report of the CIA/DIA Task Force on highly suspect Soviet ICBM deployment areas, together with your covering letter, to General Power of SAC. I was accompanied to Omaha by two specialists from CIA and a representative of DIA. We met briefly with General Power, who expressed appreciation for our efforts and reaffirmed the great need of his command for intelligence identification of additional, specific locations of ICBM sites for targeting purposes. We also consulted on a preliminary basis with representatives of SAC intelligence, who indicated general agreement with our list and suggested several other suspect areas which might be added to the list. It was agreed that both groups should consider these additional suggestions, exchange any subsequent suggestions by telegram, and meet again later to draw up a new list of highly suspect areas. The next meeting will probably take place at Langley in about four weeks.
